Dear Jeff:

Thank you for inviting the Friends of Archie N. Chiles Board to the annual student graduation picnic this past Monday evening. We were delighted to witness the presentation of scholarship awards to the very deserving students who received them. We have been confident that our decision to partner with Somerset Home in the scholarship awards program was a very positive step in meeting our goal of providing scholarship assistance to students who were in need of financial assistance and were academically deserving of the awards. The awards ceremony was most reassuring that our scholarship funds are clearly reaching those in need and fulfilling the goals of our mission.

As always, we were extremely impressed with the youth and the supportive environment you, your board and staff are providing to help these young people evolve into responsible, successful, and independent adults.

Sincerely,

Sandra Fosselman
Chair, Friends of Archie N. Chiles Board
